Transtrend B.V., Rotterdam, The Netherlands

Research Analyst, January 2009 – February 2014.

The work I have done results in 5 years of experience in and knowledge about:

- Data analysis, software development and designing, building and evaluating computational applications, both independently and as part of the Operations team, to support our Back Office and Trading team. My personal projects included:
 - o Development of software and administration for:
 - Daily margin reconciliation;
 - Monthly interest reconciliation.
 - o Building up administration and trading application for trading and reconciliation of Treasury Bills.
- External communication with financial institutions all over the world;
- Finance and alternative investments (futures);
- Developing new skills in a fast, efficient and flexible way.

Annemarie Hagenaars Actrice, The Netherlands
